Follow the Application Guidelines

Adhere to any specific instructions regarding length, format, or content provided by the physical therapy program.

Common Pitfalls to Avoid in Reference Letters

- Vague Language: General statements like "hardworking" without examples weaken the letter.
- Overly Lengthy or Short: Aim for a balanced length—typically 1-2 pages—without excessive verbosity.
- Lack of Specificity: Failing to provide concrete examples or evidence diminishes impact.
- Bias or Over-enthusiasm: While strong endorsements are good, they should remain honest and balanced.
- Ignoring the Program's Focus: Tailor the letter to highlight qualities most relevant to the specific program or specialization.
