While not universally recognized within the medical community, many women report a range of feelings that can include relief, sadness, regret, or emotional turmoil.

The Controversy and Medical Perspective

It is important to note that "Inside PAS" is a controversial term. Mainstream medical and psychological organizations, such as the American Psychological Association, distinguish between normal emotional responses to abortion and clinical conditions like post-traumatic stress disorder (PTSD) or depression. Nevertheless, understanding women's personal experiences remains crucial for providing empathetic care and support.
